

miseco disc L laboratory agitator  
the missing puzzle part for  
the perfect agitator process

## miseco disc and laboratory agitator: the perfect connection

The convincing impeller miseco disc and an agitator for superior claims make your works easier. You can concentrate on your job – miseco disc takes care for mixing, homogenization or suspension. Convince yourself!

### Laboratory agitator for superior claims

- with two-speed gear
- stepless, mechanical speed setting
- speed range: 40 – 2.000 rpm
- designed for continuous operation
- clear front panel layout for ease of operation
- low-noise design
- high torque at low speeds
- delivery includes 10.5 mm chuck
- variable height adjustment of the stirrer tool
- power output 37 W, power input 70 W
- torque: 520 Ncm at 40 rpm
- viscosity range: up to 100,000 mPas
- speed control via digital display

### Following options are available at extra costs:

- universal stand S2
- telescope stand, vertical displacement 725 to 1025 mm
- shaft guard
- fastening clamp
- flexible shaftbe
- biegsame Welle

### Agitator and impeller from a single source
